

Mrs. Sabine GLIBERT, our Operations Director and Quality Advisor, prepared a presentation for the "Drug Development Summit" congress taking place in London (UK) from 29 to 30 April 2009.

Abstract title:

"Efficient Early Phase Trials Management and Implementation in Global Drug Development Environment or how to reach "Go/No Go" decision Efficiently in Complex Outsourcing Model"

- Let's keep to outsourcing model as simple as possible: Sponsor/CRO role and responsibility definition
- Selection of Clinical Research Unit: How to select the best one
- Project Management and communication skills excellence between sponsor and service providers
- Intelligent science & Operations interactions
- Risk based approached in a highly competitive and regulated environment
